

**Our TMH Committee
Moves forward with
new Proposal!**

The Our TMH Committee has worked hard for many months defining a 'way ahead' for our hospital. Based on our survey, hours of planning with hospital professionals and concerned citizens, we now have a proposal for the Ministry that would allow TMH and Quinte West to direct our own future.

The highlights:

1. Trenton Memorial Hospital (TMH) become a Community-Based Hospital and Health Care Centre, run by our own Administrator reporting to our own board.
2. Independent TMH Governance Board comprised of local professionals, citizens and TMH Staff.
3. Retain and Enhance our current services and clinics.
4. Develop a Professional Management Services contract with 1 or more hospitals in our region to reduce administrative overhead.
5. Operate under a specific mandate designed to ensure a future of STABLE, LONG TERM Health Care at TMH.
